

# THE GREAT CITY OF BEACON SCAVENGER HUNT HOLIDAY EDITION

## OVER THE RIVER AND THROUGH THE WOODS

These clues lead you to some fantastic features in our city parks. Count them up, do the math and grab your decoder! It's a *A= One/D=four* code to solve this clue's holiday phrase.

1	At Green Street Park, look for the seats you push with your feet(s)!. Double that number.	
2	At South Ave park, count all the courts twice and subtract one from your total.	
3	At Green Street Park, these go up and down at the same time. Count the ones to the first level, both up and down.	
4	At Pete & Toshi Riverside Park, they might be X's and they might be O's. Count them all.	
5	In 1933, Asylum brook was diverted under Memorial park. The number you seek is one third the diameter of the pipe required.	
6	At South Ave. Park, this feature probably wasn't named after the 1984 Duran Duran single. Count each segment thrice and add ten	
7	At Pete & Toshi Riverside Park, grab your decoder! Find and count these: 19, 12, 9, 4, 5, 19. Double the number.	
8	If one were to drive in or around Memorial park, what is the speed limit? How many MPH?	
9	At South Ave. Park's playground, count the floor-is-lava pods. Double the number and subtract the answer of Number 2
